***CCF = 100 Cubic Feet. The volumetric charge for Residential, Commercial and Agricultural customers (“Tarriff Customers”) is based on an expected cost of gas of \$3.92 per MCF (“Budgeted Pricing”), which includes both fixed price positions (hedged volumes) along with variable price volumes which are based upon index-bases pricing (unhedged volume). The volumetric charge for Tariff customers shall be adjusted each month by a Purchased Gas Adjustment or PGA, which shall reflect the positive or negative difference between actual gas costs and budgeted Pricing as applied to actual volumes of gas purchased by CJG for delivery to Tariff Customers. Contact CJG for updated rates.

****Eligibility based upon usage over 500 CCF in any 24 hour period.
